**GEORG JENSEN
CHRISTMAS CLASSICS**

The 2024 Georg Jensen Christmas collection is inspired by Danish artist Sanne Lund Traberg. She is Danish and was born in northern Jutland and graduated from the Royal Danish Academy of fine arts with honors. THE COLLECTION IS MADE IN DENMARK WHERE A TRADITION OF HIGHLY SKILLED WORKERS IS AT PLAY. To ensure the best quality each piece is cut and folded by hand. The designs center around classic shapes such as angels, bows, cones and others. With many years of experience Georg Jensen has developed a unique knowledge of working with precious and semi precious metals. Their electroplating process is the envy in the industry. True Scandinavian workmanship and tradition are employed in each piece. **This process is clearly reflected in the finished product!**
